

## Hotel Antumalal

It is with great pleasure that we invite you to consider Hotel Antumalal for your after-trip to Pucón following the Annual Retreat in Chile in January 2019

Now in its 68th year, Hotel Antumalal continues to be a tourism pioneer in our region. More than just a hotel, Antumalal is an experience.

Lovingly designed and brought to life in the late 1940's by a Czech pioneer; Guillermo Pollak, his wife Catalina and Chilean architect Jorge Elton, the unique design and privileged location with panoramic views over Lake Villarrica, combine to offer luxury with style, surrounded by exuberant nature. All this at only 2 Km from Pucón; one of Chile's prime outdoor destinations.

The facilities include an onsite Spa with indoor and outdoor heated pools, sauna and massage rooms, Restaurant Parque Antumalal, 12 acres of private gardens with lake edge, a vegetable garden and countless hidden paths and viewpoints.

The cost for three nights (check in January 19, check out January 22, 2019), for single or double rooms, is US\$ 1080, and includes buffet breakfast, full use of Spa Antumaco and the private Antumalal gardens.

We can offer a maximum of 10 double or single rooms for your group, for a maximum of 16 people. Check in is from 14:00 onwards, and check out at midday. However, if you leave Pucón later on your check out day, we are happy to store your luggage while you continue to enjoy our Spa and gardens.
