

NEHA JAIN JOSHI (NYOMI)

Neha is the Growth and Strategy Lead of Accenture Security. Accenture Security helps organizations prepare, protect, detect, respond and recover along all points of the security lifecycle. Neha has more than 15 years of experience in the security industry. She founded Accenture's global Digital Identity Governance Board, has authored numerous industry articles, co-authored a book on innovation in identity and access management and is a frequent speaker on topics ranging from securing identities to innovation to leadership. Neha is passionate about advancing women's initiatives, especially in technology. Neha actively mentors many

women within Accenture and volunteers her time with the Executive Women's Forum, Girls Who Code and iMentor. She is also a member of Chief, a private network focused on connecting and supporting exceptional female leaders, and a recipient of the 2019 Executive Women's Forum for Information Security, Risk Management and Privacy Women of Influence Award.
